

Industrial Battery Tester

2000 A / 72 V

Shelton CT, USA - Aachen, Germany - Qingdao, China

Industrial Battery Tester 2000 A / 72 V

Industrial Battery Tester 2000 A / 72 V

Application: Routine production, quality control,
type approval testing,
R&D of different battery technologies

- Special Features:
- Host Computer Software BTS-600 with MicroME control for 10 modules 200 A
 - One module with 2 current ranges 50 A, 200 A
 - Current ranges in steps of 200 A
 - Acid density measuring
 - Transistor technology with contactor switching

Industrial Battery Tester 2000 A / 72 V

Technical Data	
Charge/Discharge current range I :	0.05 - 50 A
Resolution:	: ± 0.002 A
Charge/Discharge current range II:	20 - 2000 A
Resolution:	± 0.015 A
Charge/Discharge voltage range:	0 - 72 V
Resolution A/D converter:	± 15 bit
Current rising time:	100 ms
Power:	190 kVA
Dimensions HxWxD:	245 x 80 x 640 cm
Weight:	approx. 7200 kg
